*Distinguished R&D Staff  
Group Leader, Nuclear Criticality  
Safety, Chair, ANS Accreditation  
Policy and Procedures Committee*

# NUCLEAR

TODAY. TOMORROW. ALWAYS.

**Nuclear energy found a home at ORNL eighty years ago and never left.**

Our world-class researchers and scientists will share their expertise at the inaugural Nuclear 101 Certificate Course at the 2024 ANS Winter Conference. Steven Arndt, Sunil Chirayath, Ugur Mertyurek, and Walid Metwally, alongside their fellow distinguished ANS colleagues, will present an all-encompassing curriculum designed for both seasoned professionals and newcomers to the nuclear field.

Unlocking the full potential of the atom to improve human lives and preserve our planet is not only a powerful ANS vision statement. It's a calling.

**Join us at [jobs.ornl.gov](https://jobs.ornl.gov).**

ORNL is an equal-opportunity employer. All qualified candidates, including protected veterans and individuals with disabilities, are encouraged to apply. ORNL is an E-verify employer.
