

"I came to the U.S. from Brazil for a six-month training assignment. When the opportunity to work among renowned scientists at Oak Ridge National Laboratory became available, I decided to stay. The Lab's supportive environment, collaborative spirit, and opportunities for global engagement have been instrumental in my career. Nearly 40 years on, I know I made the right decision."

**—Luiz Leal**  
*Distinguished R&D Staff Member*

# NUCLEAR

TODAY. TOMORROW. ALWAYS.

Luiz Leal is a leading international expert in evaluating nuclear data and developing global data libraries, in addition to being an ANS fellow. His foundational work in supporting nuclear criticality safety and reactor system analyses completed worldwide earned him the American Nuclear Society's Seaborg Medal in 2023.

Esteemed careers are shaped at ORNL. Our user facilities, strategic partnerships, and opportunities for collaboration with global leaders support our visionary scientists, producing innovators like Luiz.
