

The path to fusion commercialization is through ORNL. Being here has allowed me to think bigger and more creatively about how we can grow the fusion workforce and reach our goal of fusion energy on the grid in our lifetimes.

—Louise Ferris

*Technical Resource and Outreach Coordinator*

*Fusion Program Office*

*Fusion and Fission Energy and Science Directorate*

# NUCLEAR

TODAY. TOMORROW. ALWAYS.

ORNL has given Louise Ferris a front-row seat to fusion innovation—and a platform to help others see themselves in it.

Louise Ferris translates the science shaping the future of energy to students, policymakers, researchers, and the public. Through her outreach, the collaborations and innovations driving ORNL's fusion breakthroughs are sparking cross-cutting partnerships, growing the workforce, and building momentum toward realizing a fusion energy future.
