

The peace of mind you deserve.

Comprehensive and reliable instrumentation and control (I&C) support — it provides the peace of mind you deserve.

It can be yours, because all our diverse I&C systems benefit from an offer of custom-tailored long-term service agreements (LTSA).

Framatome LTSAs are built on 50 years of worldwide experience as the global I&C leader, servicing, supporting and supplying all nuclear plant types.

You can depend on the largest worldwide team of I&C professionals to ensure safe, cost-effective plant operation — and long-term peace of mind.

Count on it.
