

The background of the advertisement features a night-time photograph of a nuclear power plant with two large cooling towers illuminated from within. Above the plant, numerous long-exposure light trails in shades of blue and purple arc across the dark sky, resembling a cosmic or digital spectrum.

framatome

A spectrum of solutions for maximum certainty

The world is counting on you to provide clean, reliable energy. You can count on us to support you every step of the way. For more than 65 years, our experts have been enhancing every critical aspect of nuclear power generation—from cybersecurity, robotics, and instrumentation and control to reactor services and the highest standards of fuel.

We don't stop there. With over \$200 million invested annually in research and development, we continue to drive innovation and deliver proven solutions for both long-term operations and urgent challenges. For power uprates, license extensions or reactor restarts, choose Framatome's experience and dependability to minimize risk and maximize certainty. We're ready to help you power tomorrow.

Count on it.
