Above and Beyond

Facility expansion in Lynchburg, Va.

For more than 65 years, our people have been delivering innovative and essential energy solutions, with every day bringing new opportunities to make a significant impact.

Now we're matching the unprecedented growth in the nuclear market by adding hundreds of highly skilled jobs to our U.S. workforce and investing millions into expansion and modernization of several American facilities.

We're committed to realizing our shared goal of shaping and securing the future of safe, reliable, low-carbon power generation, and we're going above and beyond to help you achieve it.

Count on it.
