

Now's the time.

Extending your plant's lifespan while optimizing its performance? Now's the time to do it, and our component manufacturing capabilities make us the ideal partner.

Over the past 65+ years, we've fabricated and delivered massive components for 106 reactors worldwide, all meeting the highest safety and quality standards.

We've invested millions in major expansion for our component manufacturing facilities, ensuring our production capacity is available to meet increased market demand worldwide.

Count on it.
