

YOUR **NUCLEAR FUTURE** STARTS HERE **@ IDAHO NATIONAL LABORATORY**

INL is a place of engineering firsts:

- The first reactor to generate usable electricity
- The first reactor to light a city
- Dozens of first-of-a-kind demonstrations
- First steady-state and transient test reactors

Now we're doing it again, preparing for:

- The first modern microreactor
- The first fast-spectrum molten salt critical system
- The first advanced reactor commercial demonstrations
- The first integrated energy system test bed

Join INL and help us
build something amazing.

We offer flexible schedules, relocation packages, competitive salaries and other benefits, in one of the fastest-growing states in the country. Apply now at <https://inl.gov/careers>
