

# **TURN YOUR NEXT OUTAGE INTO YOUR ADVANTAGE**

## **MAINTENANCE & PROFESSIONAL OUTAGE STAFFING**

**We don't just send people—we deploy skilled professionals who integrate seamlessly from day one.**

Our proprietary recruiting, training, and management approach, combined with ISO/IEC-accredited lab services, enhances outage safety, ensures compliance, and reduces downtime by up to 20%.

### **Extensive Personnel Network**

Rapid access to highly qualified, specialized experts and a multifaceted labor force, including radiation protection personnel, supports on-time return to full operations.

### **Integrated Management Teams**

Reduced administrative burden and streamlined operations free up your internal resources.

### **Proactive Planning & Assessment**

Minimized risks and optimized resource allocation lead to smoother outages.

### **Unwavering Safety Culture**

Enhanced worker safety and regulatory compliance protect personnel and your reputation.

### **Proven Track Record**

Guaranteed efficient and effective outage resolution delivers peace of mind.
