PROCEEDS BENEFIT

St. Jude Children's Research Hospital is one of the world's premier pediatric cancer research centers helping over 5,700 patients a year. St. Jude is the only pediatric cancer research center where families never pay for the treatment not covered by insurance. No child is ever denied treatment because of a family's inability to pay.

Dr. Roy G. Post was the founding Chief Executive of WM Symposia, sponsor of the annual international Waste Management conference.

The Roy G. Post Foundation was established by his students, peers and proteges to honor his legacy in nuclear engineering and to help students develop careers in the safe management of nuclear materials through scholarship grants.
