

Leaders in Compliance & Waste Tracking

eMWaste® is an intuitive, interactive, and intelligent COTS software that produces the results needed by Laboratories, Generators, Processors, Disposition Sites, and Brokers.

Over 25 Years of Reliable Service

Attention IT has more than 25 years of experience providing waste tracking solutions that span the breadth of the environmental industry. Our flagship eMWaste® software is the only commercially available off-the-shelf waste management application that encompasses all components for nuclear, hazardous, and mixed waste tracking.

From generation to disposition, it anticipates the needs of hazardous and radioactive waste generators, processors, shippers, and disposal facilities. It can also be easily customized to comply with any local regulations and organizational preferences.
