

CHANGING the way you do business

For years, Westinghouse has been leading the nuclear industry at providing skills development and resources in the areas of utility personnel, industry oversight, leadership and services. **Westinghouse Training & Resource Solutions** brings together our accredited skills training, simulation and control room scopes, staffing services and commercial digital businesses to offer a streamlined and optimized approach to customers' long-term operations support.

Put Westinghouse to work for you. Contact us today to learn more or go to www.westinghousenuclear.com/trs

We offer plants a new way of operating that leverages:

Training — Enhancing Plant Operations & Skill Proficiency

Simulation & Control Rooms — Improving Safety & Efficiency

Digital Optimization — Leveraging Experience & Data

Staffing & Outsourcing — Managing Workforce Demands
