# SUPER LOAD, SUPERIOR SOLUTIONS

Superior solutions start with vision – the vision to take a fresh look at challenging projects, find smarter, safer, and innovative solutions, and cost-effectively bring that vision to life. NAC LPT provides seamless project solutions that mitigate risk and keep you on schedule and under budget. We'll handle your most challenging jobs, every time.

NAC LPT recently delivered a complete waste management solution for a nuclear decommissioning project. Our team bundled a 270,000 lb. shielded tank in a specialized IP-1 flexible package, and moved it from

the reactor building to a staging area. With a gantry crane, NAC LPT's team transferred the tank to a 200 ft. long trailer for a "super load" shipment to a processing facility and final disposition. Learn what we can do for you.
