In an Acknowledgment appearing on p. 331 of the above paper, the affiliation of Professor Paul Nelson should appear as Texas Tech University (at Lubbock). The editor (DC) apologizes for not observing this error in the original manuscript.

In Table VI, two corrected k_{eff} values should be noted. For the DIF3D nodal program, the result should be 1.11053, and for the DIF3D FD program, the corrected result is 1.1115.
