## Corrigenda

R. D. SHELTON, H. E. STERN, and J. W. WATTS, "Advantages of Using a Combination Electromagnetic and Material Shield," *Nucl. Sci. Eng.*, **36**, 304 (1969).

On page 306, in the right-hand column, first sentence should read: "For a small range in proton momentum,  $\Delta p$ , we may consider the *incoming* particle distribution . . .," where the italicized work has been added.

On page 306, Eq. (14), and on page 307, Eqs. (16), (18), and (19), change 4 to 2.

The authors wish to express their appreciation to Dr. F. S. Alsmiller, Oak Ridge National Laboratory, for pointing out the above errors and for her helpful discussion concerning the paper.
