ALPHA-PARTICLE WORKSHOP

- 403 Comments / *George Miley*
- 405 Meeting Report
Summary of the Workshop on Alpha-Particle Effects in the Engineering Test Reactor, Germantown, Maryland, June 15–16, 1987 / *L. M. Hively, D. J. Sigmar*

TECHNICAL PAPERS

- 411 Influence of Fast Alpha Diffusion and Thermal Alpha Buildup on Tokamak Reactor Performance / *Nermin A. Uckan, John S. Tolliver, Wayne A. Houlberg, Stanley E. Attenberger*
- 423 Alpha-Particle Effects on Magnetohydrodynamic Stability in the Engineering Test Reactor Tokamak / *James W. Van Dam, Guo-yong Fu*
- 428 Modification of Tokamak Ballooning Stability Boundaries by Alpha Populations / *Donald A. Spong, D. J. Sigmar, J. J. Ramos*
- 432 Helium Flow Reversal with Neutral Beam Injection and Electron Cyclotron Resonance Heating in TIBER-II / *M. A. Malik, K. Indreshkumar, John Mandrekas, W. M. Stacey, Jr., T. W. Ogden*
- 438 Problems in Modeling Toroidal Field Ripple Loss of Fast Alphas from a Tokamak Reactor / *Lee M. Hively*
- 447 Plasma Oscillation Bursts and Scattering of Intermediate Energy Alpha Particles / *Bruno Coppi, F. Porcelli*

FUSION REACTORS

- 453 A Novel Non-Power-Producing Fusion-Fission Breeder Reactor / *Kenneth L. Wisley, Don Steiner*

NONELECTRICAL APPLICATIONS

- 463 Helium-3 Functions in Tokamak-Pumped Laser Systems / *D. L. Jassby*

(Continued)

ON THIS COVER

This month's cover, inspired by the paper by Wisley and Steiner, depicts an overhead view of a plasma in a fusion-fission reactor against a background pattern of coolant holes.

CONTENTS / MARCH 1988—VOL. 13, NO. 3

(Continued)

DIVERTOR SYSTEMS

- 473** Feasibility Study for an Engineering Concept of a Stainless Steel/Copper Divertor Plate Protected by W-5 Re Alloy or Graphite Armor / *Vito Renda, Gianfranco Federici, Loris Papa*

BLANKET ENGINEERING

- 484** Analysis of Activation Measurements Done on Slabs of Beryllium and Lead at LOTUS Facility / *Anil Kumar, Cherif Sahraoui*

PLASMA HEATING SYSTEMS

- 495** Test of the Power-Carrying Capability of Water-Dielectric-Loaded Ion Cyclotron Heating Waveguide Launchers / *K. G. Moses*

MAGNET SYSTEMS

- 503** Magnet Alignment in the Mirror Fusion Test Facility-B Tandem Mirror / *E. B. Hooper, Jr., Richard H. Bulmer, Larry L. Higgins*

TECHNICAL NOTE

PLASMA ENGINEERING

- 510** Current Requirements for Ohmic Ignition in Ohmically Heated Toroidal Experiment and Reversed-Field Pinch Reactors / *R. A. Scardovelli, George H. Miley*

DEPARTMENT

- 397** Authors
