

CORRIGENDA

S. N. VAIDYA, "Comments on the Model for Coherent Deuteron-Deuteron Fusion in Crystalline Pd-D Lattice," *Fusion Technol.*, **24**, 112 (1993).

Equation (2) in this technical note should be replaced by the following corrected equation:

$$L = (2m + 1)\lambda/4 . \quad (2)$$

Moreover, Eq. (2) is not the Bragg condition for normal incidence.
