FUSION TECHNOLOGY (ISSN: 0748-1896) is published seven times a year, twice in January, March, May, July, September, and November, by the American Nuclear Society, Inc., with business offices at 555 N. Kensington Ave., La Grange Park, Illinois 60526, USA; telephone (708) 352-6611. The subscription rate per calendar year (two volumes, including supplement) is \$698; subscribers outside North America add \$39 for postage and handling. The single-volume rate is \$390; subscribers outside North America add \$23 for postage and handling. The single issue price is \$95 for current and back issues (slightly higher for special issues and supplements); subscribers outside North America add \$8 for postage and handling. The ANS member subscription rates are \$100 (North America) and \$139 (outside North America). Inquiries about the distribution and delivery of FUSION TECHNOLOGY and requests for changes of address should be

directed to the American Nuclear Society. Allow 6 weeks for a change to become effective. POSTMASTER: Send change of address orders to FUSION TECHNOLOGY, the American Nuclear Society, 555 N. Kensington Ave., La Grange Park, Illinois 60526. FUSION TECHNOLOGY is printed in Baltimore, Maryland 21208 by Port City Press. Nonprofit Periodicals postage is paid at La Grange, Illinois, and at additional mailing offices. Copyright © 1999 by the American Nuclear Society, Inc.

Opinions expressed in this publication by the authors are their own and do not necessarily reflect the opinions of the editors, the American Nuclear Society, or the organizations with which the authors are affiliated, nor should publication of author viewpoints or identification of materials or products be construed as endorsement by this publication or the Society.

Address all manuscript and editorial communications to the Editor; communications from Europe, Asia, and Russia should be addressed to the respective Associate Editors—see addresses above.

PHOTOCOPIING: Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by the AMERICAN NUCLEAR SOCIETY to libraries and other users registered with the Copyright Clearance Center (CCC) Transactional Reporting Service, provided that the appropriate fee is paid to CCC, 222 Rosewood Drive, Danvers, MA 01923, phone 978-750-8400, fax 978-750-4470. ISSN 0748-1896. Consent is not given for other copying, such as for general distribution, advertising or promotional, creating new collective works, or resale.
