M. ZABIÉGO, F. FICHOT, and P. RUBIOLLO, "Modeling of Radiative Heat Transfer During a PWR Severe Accident," *Nucl. Technol.*, **154**, 194 (2006).

Figure 23 accidentally appeared twice. Figures 23 and 24 are reproduced correctly here:

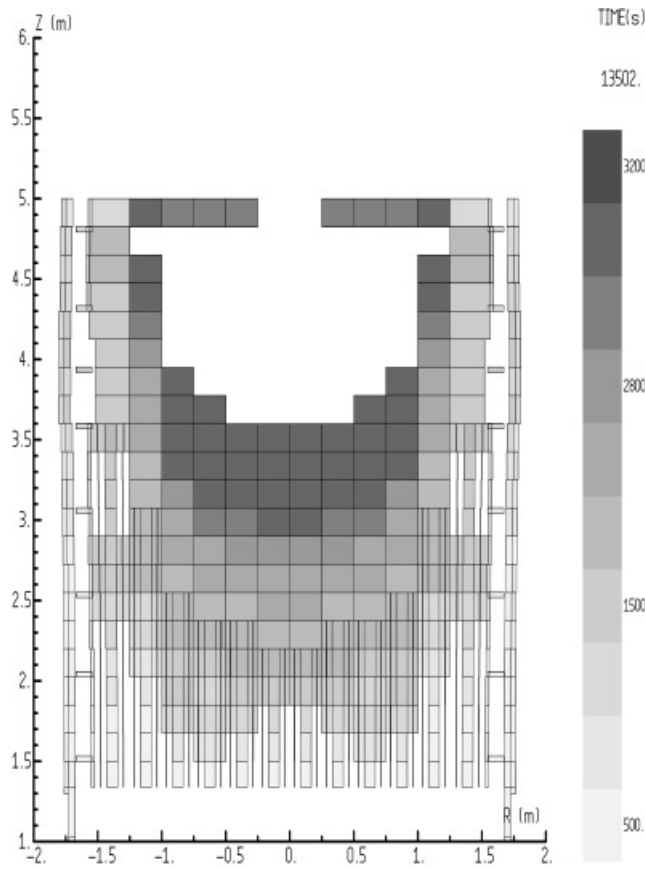

Fig. 23. Calculation with the radiative conductivity model; time = 13500 s.

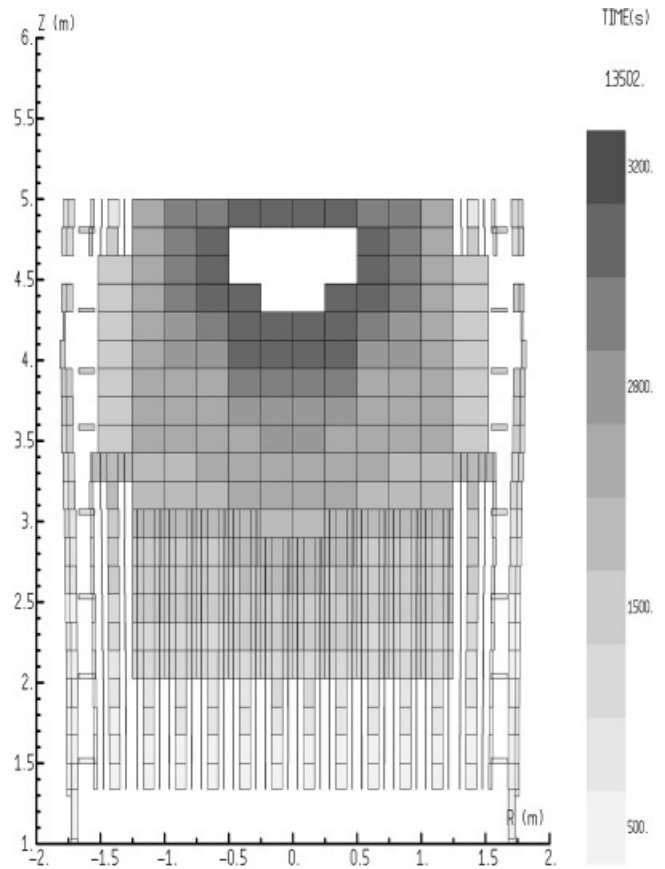

Fig. 24. Calculation with the Hottel model; time = 13500 s.
