

March 2021
Volume 64, Number 3

Feature Articles

- 26 Fukushima: 10 years on
- 50 Advanced liquid waste processing systems:
Safely processing Fukushima's wastewater
- 54 Seismic preparation for nuclear plants:
Lowering costs without compromising safety

Cherry trees still blossom on the Fukushima Daiichi campus. For more about the revitalization of Fukushima, check out Leaders on page 12.

Special Section

- 61 23rd Annual NuclearNews
Reference Section
- 62 Guide to the World List
- 63 World List
- 76 Aggregate Data
- 78 Maps
- 84 U.S. License Renewal
- 86 Power Reactors
No Longer in Service

Every Issue

- 12 Leaders: Safely decommissioning
Fukushima Daiichi and revitalizing
Fukushima
- 14 Spotlight On: Post-Fukushima
safety enhancements
